Best Available Techniques in fertilizer
industry – Conference 2017

Dear colleagues,

We would like to inform that, on February 14-16, JSC NIUIF, at JSC PhosAgro-Cherepovets, will hold the International Conference **“Best Available Techniques in fertilizer industry: problems, realization and prospects”**. The theoretical and practical workshop **“Role of analytic services in ensuring of fertilizers and sulphuric acid quality”** is planned within the conference.

The plant lead specialists, process engineers and ecologists, specialists from institutes, public agencies, domestic and foreign engineering companies, specialists from equipment manufacturing companies, representatives of executive bodies and relevant ministries and agencies are invited to conference.

In 2014-2016, with active participation of JSC NIUIF, **the Informational and Technical Reference Book on Best Available Techniques “ITS 2-2015. Production of ammonia, fertilizers and non-organic acids”** was developed; the list of main process equipment, operated with application of best available techniques, was issued; the works on selection and validation of marking substances in emissions and selection of emission control automatic means are carried out.

The conference includes the following goals:

- Discussion of main problems, connected with fertilizer industry transition for setting of output rates on the basis of BAT;
- Analysis of existing technologies and technical solutions for compliance with BAT, presentation of BAT reference books for 2015-2017;
- Acquaintance of industrial specialists with the latest implemented and prospective developments in fertilizer industry, presentation of new processes and equipment, conformed to BAT.

- Opinions sharing and discussion of implementation of Federal Law 219 FL: complex environmental permit, emission automatic control etc.
- Sharing of work experience among analytical and methodological plant services in quality ensuring, evaluation of product conformity and safety and production effectiveness increasing.

Conference venue – JSC NIUIF, Cherepovets, Severnoe shosse, 75.

For preparation of conference program and participants lists, kindly ask to send Your applications (application form is in Attachment No. 1) to the following e-mail address: info@niuif.ru. Web-site – www.niuif.ru.

Applications for participation shall be provided until **January 31, 2017**. Presentation theses shall be provided not later than **February 2, 2017**. Requirements to theses and presentations are in Attachments No. 2, 3 of information letter.

Registration fee for conference participants (including VAT):

- For one participant – 20000 roubles;
- For speakers – no registration fee;
- For students and postgraduate students – no registration fee;
- Absentee participation – 1500 roubles.

On the basis of conference results, the conference papers collection issuing is planned.

General Director
